

Chapter 12.08**HOUSE NUMBERS**

(82-9/11, 124-5/14, 2022-1/76)

Sections:

- 12.08.010 Prescribed
- 12.08.020 Location of numbers
- 12.08.030 Size of numerals
- 12.08.040 Designation of numbers
- 12.08.050 Determination of number
- 12.08.060 Numbers west of railway
- 12.08.070 Numbers east of railway
- 12.08.080 Initial even numbers
- 12.08.090 Initial odd numbers
- 12.08.100 Progression west of railway
- 12.08.110 Progression east of railway
- 12.08.120 Ratio of numbers to frontage
- 12.08.130 Wide lots
- 12.08.140 Determination of hundreds--East of railway
- 12.08.150 Determination of hundreds--West of railway
- 12.08.160 Irregular numbers
- 12.08.170 Violation--Misdemeanor

12.08.010 Prescribed. All entrances from the public streets or highways of this city to buildings shall be numbered as hereinafter provided and not otherwise. (82-9/11)

12.08.020 Location of numbers. The number of each and every entrance shall be placed upon or immediately above the door or gate closing such entrance. (82-9/11)

12.08.030 Size of numerals. Each figure of said numbers shall be at least two (2) inches in height and of corresponding width. (82-9/11)

12.08.040 Designation of numbers. It shall be the duty of the Department of Community Development to designate the respective numbers for buildings in this city, on request. (82-9/11, 2022-1/76)

12.08.050 Determination of number. The location of the doorway of the building shall determine the number to be used. (82-9/11)

12.08.060 Numbers west of railway. In all parts of the city lying west of the right-of-way of the Southern Pacific Railway Company, buildings shall be numbered as follows:

- (a) Even numbers. On the northeast side of avenues and on the southeast side of streets, even numbers shall be used.
- (b) Odd numbers. On the southwest side of avenues and on the northwest side of streets, odd numbers shall be used. (82-9/11, 124-5/14)

12.08.070 Numbers east of railway. In all parts of the city lying east of the right-of-way of the Southern Pacific Railway Company, buildings shall be numbered as follows:

- (a) Even numbers. On the east side of avenues and on the south side of streets, even numbers shall be used.
- (b) Odd numbers. On the west side of avenues and on the north side of streets, odd numbers shall be used. (82-9/11, 124-5/14)

12.08.080 Initial even numbers. The even numbers in each block shall begin with a number having two for its unit number and having zero for its ten part. (82-9/11, 124-5/14)

12.08.090 Initial odd numbers. The odd numbers in each block shall begin with a number having one for its unit number and having zero for its ten part. (82-9/11, 124-5/14)

12.08.100 Progression west of railway. In all parts of the city lying west of the right-of-way of the Southern Pacific Railway Company, numbers shall increase from the southeast toward the northwest on avenues and from the southwest toward the northeast on streets. (82-9/11, 124-5/14)

12.08.110 Progression east of railway. In all parts of the city lying east of the right-of-way of the Southern Pacific Railway Company, numbers shall increase from south toward the north and from west toward the east. (82-9/11, 124-5/14)

12.08.120 Ratio of numbers to frontage. In all parts of the city, one number shall be allotted to each lot having a frontage of not more than forty feet. (82-9/11, 124-5/14)

12.08.130 Wide lots. In each lot or parcel of land having a frontage of more than forty feet, one number shall be allotted to each twenty-five feet or fraction thereof of such lot or block. (82-9/11, 124-5/14)

12.08.140 Determination of hundreds--East of railway. The hundred part of each number shall be determined on the east side of the right-of-way of the Southern Pacific Railroad Company as follows:

- (a) Avenues and boulevards. Avenues and boulevards shall be numbered in hundreds according to the hundred number of the respective block numbers at any designated point.
- (b) Streets. Streets shall be numbered in hundreds according to the tens and units part of the respective block numbers at any designated point. (82-9/11)

12.08.150 Determination of hundreds--West of railway. The hundred part of each number shall be determined on the west side of the right-of-way of the Southern Pacific Railroad Company as follows:

- (a) Avenues. Avenues shall be numbered in hundreds according to the tens and units number of the respective block numbers at any designated points.
- (b) Streets. Streets shall be numbered in hundreds according to the hundreds part of the respective block numbers at any designated point. (82-9/11)

12.08.160 Irregular numbers. In any case not provided for in this chapter, the city engineer shall designate the number to be used. (82-9/11)

12.08.170 Violation--Misdemeanor. Any person who shall not obtain from the city engineer the number for any building in this city he may own or occupy and place said number as required by this chapter is guilty of a MISDEMEANOR. (82-9/11, 124-5/14)
